Program Description (written by Provider) <p>STARS Learning Center uses a math and reading curriculum in our program that is used in both school districts. We use a <i>Saxon Math</i> assessment for Math and <i>AIMS</i> assessment for Language. The teachers are working on getting the students up to grade level and beyond when possible. We teach to the AIMS standards to prepare the students for AIMS testing in the spring.</p>	
Evidence of Effectiveness (written by Provider)
